Paul Wootton (Sinners, Spiral Scratch, The Crawlin’Kingsnakes) and **Stephen Foster** (The Crawlin’Kingsnakes, Simply Saucer) were taking a break in the middle of a recording session in 2018 and were watching Youtube videos when Muddy Waters ‘Got My Mojo Workin’ came on. Everyone in the studio stopped to listen. They had played it in the past and started jamming on it. Man it sounded great! It was at that moment that they realized “hey! that’s what we should be doing” and while trying to come up with a name for the band decided that they should have something that was in keeping with their mentor.

Lowdown Dirty Mojos were born.
